## "TRANS - ATLANTICO" ON THE LARGE STAGE OF THE THEATER!

On the fourth day of the 15th Gombrowicz International Festival Ludwik Solski Theater in Tarnów presented the play "Trans - Atlantico" directed by Tomasz Gawron.

This extremely energetic, sensual and seductive performance won the hearts of the audience who thanked the artists with standing ovation!

Today's conversation with the artists at the Festival Studio was conducted by Robert Utkowski, and the guests were: Tomasz Gawron, Tomasz Schimscheiner and Aleksander Fiałek. We encourage you to watch.

Another important event was the broadcast of "Ferdynand" by Jan Kochanowski Popular Theatre in Radom on the TVP Kultura channel! The performance was preceded by a conversation with Rita Gombrowicz!

The stage version of the performance was directed by Alina Moś-Kerger, and the new TV production by Marek Bik.

Tonight we are waiting for the play „Dancer” directed by Kinga Dębska!

We are very curious!
